Summary

Junior with hands-on experience in systems programming, Android development, and data engineering through independent and team projects

Education

Rowan University

Aug. 2023 – May 2027

B.S. Computer Science, Minor: Mathematics, GPA: 3.582

Glassboro, NJ

- Dean's List: Spring 2024, Fall 2024, Spring 2025, Fall 2025
- **Coursework:** Data Engineering with Rust, OOP Design, Algorithms, Operating Systems, Cybersecurity, HCI, Linear Algebra

Experience

Campus Recreation, Rowan University

Nov 2024 – Dec 2025

Fitness Area Assistant and Intramural Sports Official

Glassboro, NJ

- Uphold safety protocols and equipment standards across fitness and intramural operations
- Assist patrons and contribute to an inclusive, welcoming atmosphere for students and guests
- Officiate sports leagues and resolve disputes with impartiality under high-pressure conditions

Projects

SafeDrive AI – Android, TensorFlow Lite, Google Maps SDK, Firebase

April 2026 – Present

- Real-time distracted driving detection via on-device ML inference; sub-200ms latency using TFLite quantization
- SOS system broadcasting GPS location and crash events to emergency contacts via SMS
- Live navigation with Google Maps SDK and Places API integration

Data Engineering Pipeline – Rust, PostgreSQL, DuckDB, Actix, Tokio (Group Project)

April 2026

- ETL pipelines in Rust handling CSV, JSON, and Parquet ingestion, transformation, and storage
- REST data services via Actix with async I/O using Tokio; analytical queries with DuckDB
- Relational data storage and retrieval using PostgreSQL with schema design and indexing

Design Patterns Web Suite – JavaScript ES6, HTML, CSS

Jan 2025 – March 2025

- 5 Gang-of-Four patterns deployed as interactive demos on Rowan's Elvis server; zero external dependencies
- Strategy Pattern Duck Simulator with runtime behavior swapping across 6 types via dynamic UI

Lingamaiah Jewellers – HTML, CSS, Carrd – lingamaiahjewellers.carrd.co

2021

- Designed and launched a mobile-responsive business website in high school; handled design, content, and deployment solo

Skills

Languages : Python, Java, Rust, C, C++, JavaScript ES6, HTML, CSS, SQL

Data and Backend : PostgreSQL, DuckDB, ETL, REST APIs, Actix, Tokio, Parquet, JSON, CSV

Technologies : Android SDK, TensorFlow Lite, Firebase, Google Maps API, Git, Linux

Spoken : English, Hindi, Telugu

Leadership and Certifications

Senator, Rowan University SGA, International Club, University Advancement Committee

2024

Adult First Aid/CPR/AED, American Red Cross

Feb 2025 – Feb 2027

Google Project Management Professional Certificate, Google Coursera

Sep 2025
